DETAILED ACTION

*Election/Restrictions*

1. Restriction is required under 35 U.S.C. 121 and 372.

This application contains the following inventions or groups of inventions which are not so linked as to form a single general inventive concept under PCT Rule 13.1.

In accordance with 37 CFR 1.499, applicant is required, in reply to this action, to elect a single invention to which the claims must be restricted.

Group I, claim(s) 1-23 and 49-52, drawn to a photocatalyst.

Group II, claim(s) 24-34, drawn to a method of making a photocatalyst.

Group III, claim(s) 35-42, drawn to a method of decomposing an organic compound.

Group IV, claim(s) 43-48, drawn to a method of decomposing air pollutants.

The inventions listed as Groups I-IV do not relate to a single general inventive concept under PCT Rule 13.1 because, under PCT Rule 13.2, they lack the same or corresponding special technical features for the following reasons: Claim 1 is anticipated or obvious over Yadav et al. US 6,344,271 (see column 3, lines 59-65 and column 13, lines 58-67); Boire et al. US 5,939,201 (specification and claim 11); and/or Joret US 6,114,043 (specification and claim 5). Consequently, the special technical feature which links Groups I-IV does not provide a contribution over the prior art, so unity of invention is lacking.

2. A telephone call was made to Norman Oblon on 11/21/03 to request an oral election to the above restriction requirement, but did not result in an election being made.

Applicant is advised that the reply to this requirement to be complete must include an election of the invention to be examined even though the requirement be traversed (37 CFR 1.143).

3. Applicant is reminded that upon the cancellation of claims to a non-elected invention, the inventorship must be amended in compliance with 37 CFR 1.48(b) if one or more of the currently named inventors is no longer an inventor of at least one claim remaining in the application. Any amendment of inventorship must be accompanied by a request under 37 CFR 1.48(b) and by the fee required under 37 CFR 1.17(i).

4. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Edward M. Johnson whose telephone number is 703-305-0216. The examiner can normally be reached on M-F 6:30-4:00.
